EDITORIAL

Our new president

I look forward to my year as President of Wynberg Rotary Club. The work the club does is amazing in many ways.

The 2015/16 year has seen the beginnings of some very new initiatives in the life of Wynberg Rotary Club.

Rather than to simply respond to the request by Khanyisa School for special needs children for us to support their renovations and equipment, I believe the club did the right thing by considering how effectively the organisation is managed, and deciding to support a more in-depth look at this issue, with a view to assisting to improve aspects of the management.

We have been involved in the field of Education for many years, and the work of Are and his team has done us proud. This year has seen us giving consideration to a new initiative in the field of Education - an organisation called Education Moving Up, which has diagnosed in depth the needs in the education system, and has developed a model to tackle the various problems in a systematic manner.

These are different initiatives to the ones we have traditionally embarked on, and because they are different, they make many of us uncomfortable, and there has been significant criticism of these initiatives. We must, I believe, spend time in greater discussion of these projects, so that club members can gain greater insight into what is being done, and stand fully supportive of these projects.

One thing is clear- We have to make decisions about whether such developmental initiatives are the realm of WRC or whether we will only do things in traditional Rotary fashion.

With regard to Youth work this year, I look forward to the development of this work overall.

We need to address the issue of race in our club, and will need to be creative in doing so.

I look forward to continuing to develop WRC together with you all

Alan

NEW BOARD

Board

Hugh- Treasurer

Rob- Secretary and PE

Justin – Community Services
